## ABOUT ME

I am a Computer Engineering student looking to start my career in the IT industry. As a fresher, I have good knowledge of C, C++, and Java, and I also know the basics of web development with HTML, CSS, and JavaScript. I enjoy learning new technologies, improving my coding skills, and working on real-world problems.

My goal is to become a **Full Stack Java Developer** and keep growing my technical skills while helping the organization succeed. With hard work, flexibility, and a problem-solving attitude, I am ready to give my best in a dynamic workplace.
